

Fire Awareness and Extinguisher Training

In this course you will develop an understanding of how fires start and how they can be extinguished. You will learn how to select the correct fire extinguisher and how to safely use it to extinguish a small fire. You will have hands-on use of a real fire extinguisher to extinguish a safe and controlled gas fire.

Course Duration

Two hours

Course Content

- How fires start and spread
- How fires can be extinguished
- Different types of fires
- The dangers of smoke and fire
- How to respond to a fire emergency
- How to use a portable fire extinguisher and fire blanket

Course Requirements

Maximum of 20 participants to ensure everyone has an opportunity to use a fire extinguisher.

The course is delivered face-to-face, at the client's site or at a Chubb Training Facility.

Participants are required to wear suitable clothing including enclosed footwear.

All extinguishers are supplied by Chubb Training.

Assessment

There is no formal assessment for this course. Your trainer will observe you using a portable fire extinguisher and provide feedback on your performance.

Cost

Please contact a Chubb Training office in your state on 1300 650 182 or via email chubb.training@chubb.com.au for course costs.
