UPskill for the workforce

White Card

Are you looking for work in the Construction Industry?

This unit of competency specifies the outcomes required to undertake Occupational Health and Safety (OHS) induction training within the construction industry. It requires the ability to demonstrate personal awareness of OHS legislative requirements, and the basic principles of risk management and prevention of injury and illness in the construction industry.

It is now a national requirement that anyone entering a construction site holds the OHS Whitecard.

On successful completion you will receive a statement of attainment in CPCCOHS1001A - Work safely in the construction industry

\$165

Concessions available for eligible students
